RE: REFERENCE LETTER FOR COLLINSON CUSTOM BUILDERS (CCB)  
Adam Collinson

To Whom It May Concern:

We have worked with Collinson Custom Builders (CCB) on many renovation projects of varying types and scales-with construction values from \$200,000- \$8 million-over the past six years. CCB produces excellent results. CCB staff always work closely with us, providing input and creative ideas that assist us in producing top quality results for our clients. CCB understands budgets and deadlines in a way that is second to none. They also understand the complexities of working with commercial and hospitality clients, complex staging, and working within occupied buildings. Adam and his staff are courteous and respectful to both ourselves and our clients. Adam Collinson discusses issues (alternative solutions, cost-saving options etc.) arising on project and presents ideas that are constructive and that will move the job forward. When a problems or difficulties arise, he typically offers constructive suggestions. He consults us before consulting the client, resulting in a clear communication protocol. We recommend CCB highly.

We would be happy to discuss this reference with you. Feel free to call me at 613-545-7149, if you need any further information.

Yours truly,
